I personally know several of these officers, including the Sheriff and Todd Entrekin (commander of task force). The Gadsden Minutemen were conducting an investigation of this department for corruption. Mr. Entrekin received his job with department because of his drug dealing past, of which I have first-hand knowledge, further, we have information that demonstrates this activity has not ceased. Mr. Hayes has been accused of taking bribes to hold people in jail and he also has a past history with corruption concerning drugs, in conjunction with the District Attorney's office.

A warrant was not produced when Mike's house was raided, it was produced after the raid, the warrant was signed by Todd Entrekin and Judge Bill Cardwell. Mike's personal computer was taken, for no obvious reasons, money was also taken, which was not listed on any evidence list, also prescription drugs were taken, which are not on any evidence list. The sheriff's department is holding all of Mike's weapons, of which, none are illegal. I personally inspected the evidence and interviewed the officers at the Etowah County Sheriff's Department.

I will be announcing my return to the Gadsden Minutemen during a press conference set for Wednesday evening at 2:00 p.m. at the Etowah County Court House. Mike will remain in his current position with the group. The reason for my return is because I am PISSED, this raid was an obvious set-up and retaliatory strike against the Gadsden Minutemen. Our plans are to pursue the investigation of the Etowah County Sheriff's Department and produce our evidence to the State of Alabama. We will continue to interview and run surveillance on all officers who were involved in this bullshit raid. During my recent visit to the Sheriff's department to bail Mike out and to inspect the evidence and interview the officers, all officers involved became

very upset when Stephanie Birmingham (Chattanooga GMM) took pictures of everyone involved. Mr. Hayes and Mr. Entrekin, you are hereby on notice that Jeff Randall is back, in my original leadership role, and the Gadsden Minutemen are very interested in all of your corrupt dealings and your association and ass-kissing with federal agencies.

Nancy Lord will be counsel for Mike's defense, we are setting up a defense fund for this case, any donations will be appreciated, please send to GMM-legal defense fund, P.O. Box 2, Attalla, Alabama 35954. Also, any other attorneys who can possibly assist in this case, please contact Mike Kemp 205 547 5081.

We ask that everyone please call and/or send a note to Jimmy Hedspeth, Etowah County District Attorney, expressing your concern about the attempt to discredit our organization and the political prosecution of Mike Kemp.

Evidence to back all allegation made by the Gadsden Minutemen about the crooked bastards in the Etowah County Sheriff's Department will be forthcoming after this case goes to trial.

We appreciate the tremendous support and response we have received from everyone. I assure you this case is not a done deal by any means; I also assure you that this Sheriff's department will be exposed completely, no matter the cost or dangers.
